TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Gilsum in the County of Cheshire in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Gilsum on Tuesday, the fourteenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To receive the report of the Budget Committee and take any action thereon.
4. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.
5. To see if the town will vote to raise and appropriate the sum of \$27.00 for the Monadnock Region Association.
6. To see if the town will authorize the selectmen to sell one or all pieces of land now acquired by tax deeds.
7. To see if the town will vote to appoint a committee to take charge of the observance of Memorial Day and appropriate money for the same.
8. To see if the town will raise the sum of \$118.28 for town road aid. The State will contribute \$473.12.
9. To transact any other business which may regularly come before it.

Given under our hands and seal, this twenty-fifth day of February, in the year of our Lord nineteen hundred and forty-four.

A. F. TURNER,
A. F. ADAMS,
J. H. TILLSON,

Selectmen of Gilsum.

A true copy of Warrant—Attest:

A. F. TURNER,
A. F. ADAMS,
J. H. TILLSON,

Selectmen of Gilsum.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Gilsum :

I herewith submit my annual report as Superintendent of Schools :

ORGANIZATION AND ENROLLMENT

The following changes were made in the teaching staff :

Evelyn Wanner, a graduate of the four-year curriculum of Keene Teachers College, was elected as teacher in the primary room at the village school. Miss Wanner taught previously for two years at the Surry North End school.

Mrs. Alice Trueman, a teacher with experience in all of the elementary grades, was appointed to fill the vacancy at the West Gilsum school.

In view of the very acute shortage of teachers, we were fortunate in starting the school year with a qualified teaching staff. Some adjustments were necessary in order to meet emergency situations, but in every case, the teachers were well prepared for the work assigned to them.

The problem of finding teachers for our rural schools has become very difficult. The few new teachers who are available early in the season, seek positions in larger towns which are convenient to public transportation. The positions in these communities usually offer the added inducement of higher salaries and fewer grades.

Many schools in the state opened last fall with teachers approved only because of the emergency. The supply of this type of teacher is also very limited and vacancies occurring during the year have been practically impossible to fill. The situation next year will be even more serious.

Our teachers have worked unusually hard this year and have willingly accepted all of the increased work and responsibility placed upon them as a result of the special war time activity.

We must continue to operate our schools at the present high standard, if possible. The children now attending school

cannot relive their school years or make up for the loss of benefits to which they are entitled. A good teacher, qualified by training and experience, is the most important single factor in maintaining standard schools. Each district, I believe, should give attention to the seriousness of the teacher supply situation and should make every possible effort to retain the teachers who are now in service in the district.

The plan of uniformity in text book adoptions, which was established several years ago, has been continued. Under this plan new books are purchased within budget limits according to a definite list of book adoptions. The books on the list are adapted to the grades for which they are selected, and conform with the outline of studies prescribed in the State Program. In most cases the books on the list of adoptions have been selected by groups of teachers. This plan of introducing new books tends to secure a uniformity of instruction in the schools of the supervisory union and benefits those pupils who move about from school to school.

In practically all of the districts of the union the budget limit for books is established each year at the state average cost per pupil. This amount is usually sufficient to purchase the additional books for new pupils and to replace worn out copies. It does not, however, permit much expansion into new or additional material. Our pupils would benefit if the usual budget amount could be supplemented occasionally with an additional appropriation for the replacement of out-dated books. This situation is especially necessary in the field of social science and the language arts where unusually rapid changes in content and instructional method have occurred.

ENROLLMENT, JANUARY 15, 1943

HEALTH

Good health is a vital factor in constructive, happy, and cooperative living. Health education is an integral part of the school curriculum. The teacher has innumerable opportunities to contribute to the healthy growth of children through the development of a working health education program.

A physical examination of each pupil is made annually by the school nurse. When necessary, frequent checkups are made. A record of defects is kept and every possible effort is made to direct serious attention to correcting them promptly.

A report of the health work conducted by the school nurse from Jan. 1943 to Jan. 1944 follows:

Total number of pupils examined,	100
Number found to have defective vision,	7
Number found to have defective teeth,	37
Number found to have symptoms of diseased tonsils,	4
Number with symptoms of defective breathing,	3
Number of cases of impetigo,	6
Number of cases of pediculosis (attended to),	25

CORRECTIONS

Number of vision defects corrected to glasses,	3
Number of pupils who had their teeth cared for,	13
Number vaccinated,	98
Number unvaccinated (excused),	2
Number of treatments in school,	13
Number of treatments in home,	9
Number of home visits,	20
Number of school visits,	104
Number of official visits,	7
Number of classroom inspections,	39
Number of First Aid Kits replenished,	4
Number of days given to school work,	25

Many of the pupils need dental work as soon as possible in order to save their permanent teeth; others need extractions and cleaning.

BUILDINGS AND EQUIPMENT

Minor repairs at both schools were made as needed. The panic lock on the front door at the village school was repaired. Recitation chairs for the intermediate grades and visitors chairs for each room were supplied. A second-hand piano in excellent condition was purchased at very small cost. A cot for the accommodation of ill or overtired children was given to the school and a mattress for it was provided.

STATISTICAL REPORT FOR 1942-1943

Total registration,	108
Average membership,	92.11
Percentage of attendance,	92.15
Cases of tardiness,	277
Visits by superintendent,	88
Number of pupils not absent or tardy,	2
Visits by citizens and others,	65
Half days schools were in session,	356

Although the total registration for the year was less than that of the previous year, the average membership was greater. This indicates a more stable enrollment and produces a better learning situation,

The number of tardinesses was excessive. The cooperation of parents is solicited in our effort to impress the children with the value of forming the habit of punctuality.

The percentage of attendance in general is very good. However, there are some individual cases of negligence in attendance which should be corrected. Irregular attendance on the part of a few pupils produces a situation which is very unfavorable and unfair to the group.

I wish to thank the members of the School Board, teachers, parents, and pupils for their cooperation during the school year.

Respectfully submitted,
CHARLES D. DALZELL,
Superintendent of Schools.
